

DEAR STORE MANAGER / OWNER,

I am a loyal customer to your store and am giving this letter to you to request that you consider carrying the Annmarie Skin Care line. Since I shop here regularly, it would be great to have these products available locally!

Annamarie Skin Care is a handcrafted, natural and organic line that uses a 3-step, proprietary *Wild. Beautiful.* process. Formulated in micro-batches, they carefully select herbs and plant extracts to meet the highest standards of quality and effectiveness for your skin and body.

Annamarie Skin Care pledges 100% transparency. What's in their product is on the label—and they take this very seriously. This right to know what we put on our skin is a choice that affects our health and the health of the planet. I couldn't be happier with the results!

I feel very passionate about this line, their story and the products they create. I would love to see them carried here. There are 20 amazing skin care products in their line. In addition to facial and body care, they also have unique essential oil blends, natural mineral makeup and accessories.

If you'd like to receive samples or find out more information about wholesale pricing, product training and more, they would be happy to get you whatever you need.

Please contact Brittany at brittany@annmariegianni.com and she'll be able to assist you and your team. You may also view their products at annmariegianni.com.

Looking forward to the potential of Annmarie Skin Care being offered here!

KIND REGARDS,
