

2025 PRODUCT GUIDE

A photograph of an orange tree with several ripe oranges hanging from the branches. The leaves are dark green and the oranges are a vibrant yellow-orange. The background is slightly blurred, showing more of the tree and some white flowers.

OUR STORY

Kevin + Annmarie
2008

‘While interviewing
healthcare experts, their
viewers were posting a
question of their own:
“Annmarie, what
products do you use for
your skin?”’

“That wasn’t what Annmarie and Kevin wanted either. Their products would have to be free of toxic chemicals.”

In 2008, healthy living bloggers Annmarie and Kevin Gianni powered up a vegetable oil-powered RV and embarked on a 2½-year journey across North and South America. Their goal: to track down the best natural-care products and protocols to share with viewers of their popular YouTube videocast, *The Renegade Health Show*. While Annmarie and Kevin were posting interviews with healthcare experts, manufacturers, growers, and healers, their viewers were posting a question of their own: “Annmarie, what products do you use for your skin?”

They combed through their cupboards examining labels and were horrified to discover that nothing Annmarie was using met their own high standards. So shortly after their trip began, they set out to find a product line they could recommend.

They talked with skin care company owners but weren’t always impressed

with their ingredients or results. They then spoke with formulators about developing their own skin care line but were dismayed by how many said the way to make products cleaner and greener was just to not list any toxic ingredients on the label if they were present in amounts too small to be covered by federal labeling regulations. That wasn’t what Annmarie and Kevin wanted either. Their products would have to be free of toxic chemicals.

They had just about given up the quest when Annmarie walked into a small spa in Patagonia, Arizona. The esthetician there introduced her to a line of skin care unlike anything Annmarie had ever known. The products felt so different—alive, with a palpable energetic vibration—and the scent was like nothing she had experienced before. When Annmarie applied the face oil, she saw immediate results. After more than six months of searching, here at last was a product line they could recommend.

“...to ensure high quality products that will deliver results customers can count on—now and into the future.”

Annmarie contacted Bunnie, the owner of the skin care line. An herbalist and a chemist, Bunnie has been formulating organic skin care products for over 30 years, using herbs and extracts straight from nature—in their finest and purest form. Unfortunately, her products are sold only in spas. But after finding a line so closely aligned with their values, Annmarie and Kevin couldn't just let it go. Back they went to Bunnie, to see if she would help them bring a natural skin care line to the wider public. Happily, she agreed.

In 2009, Annmarie Skin Care was launched. Each product is made with intention, using our 3-step, *Wild. Beautiful.* proprietary process. All ingredients are hand-selected, then infused in base oils and aloe juice, and then crafted using additional plant extracts and ingredients to make them as effective as possible. The result is beautiful, glowing skin.

Today, Annmarie and Kevin spread the message about good, clean, effective skin care through consumer education and a natural, organic, wildcrafted product line that speaks for itself. Together with COO Rachel Pachivas, they've put together a team that is dedicated to helping people make better decisions about their skin, beauty, and overall health. The team's research into industry practices has uncovered hidden processes in ingredient production, chemical derivatives in so-called natural ingredients, and other shortcuts and oversights. These investigations have helped Annmarie Skin Care create processes to ensure high quality products that will deliver results customers can count on—now and into the future.

Rachel, Bunnie, + Kevin

a team that is dedicated
to helping people
make better decisions
about their skin, beauty,
and overall health.”

HONESTY.

Everything that is in our products is on the label. We only source our ingredients with integrity. We always have workers, wages, the environment and outstanding quality on our minds.

WILD.

Our products are as close to nature as you can get. We use the best organic and wildcrafted ingredients mother nature can provide, giving you a pure experience—free of synthetic chemicals, colors and fragrances.

BEAUTIFUL.

This is our promise to you. Use these products and see the results—beautiful, youthful, glowing skin.

A close-up photograph of three green avocados hanging from a branch. The avocados are the central focus, with their textured, bumpy skin clearly visible. They are attached to a light-colored stem. The background is a soft, out-of-focus green, suggesting a natural setting. The text 'OUR PROCESS' is overlaid in the center in a white, serif font.

OUR PROCESS

What Makes Us Different

We handcraft skin care, using organic and wildcrafted ingredients, that promises beautiful, glowing skin.

We do this using our 3-step, proprietary *Energized, Botanical Infusion Process*.

STEP 1 / CURATE

We carefully curate organic and wildcrafted ingredients—from herbs to high-vibration plant extracts—that meet the highest standards of quality and effectiveness for your skin and body. We forge relationships with farmers and tirelessly audit our sources to maintain our standards of purity and sustainability.

STEP 2 / INFUSE

We infuse hand-selected herbs into organic aloe vera and skin-nutritive oils at low heat (never over 95°). These botanical infusions are left to steep for up to 30 days and energized by crystals before serving as a potent base for all our formulas.

STEP 3 / CREATE

We then add high-performance seed oils, antioxidant-rich botanicals, and synergistic plant stem cells that deliver skin-supporting nutrients and luxurious aromatherapy. The result? Active, supernaturally-effective skin care—and our commitment to **Clean Beauty Since Day 1**. Finally, we house all of our products in Miron violet glass, which energizes the organic molecules of the product by filtering in a small percentage of light while protecting it from the harmful rays of the light spectrum. These are then packaged with intention using sustainable materials that are recyclable or made up of post-consumer-waste, and produced at a wind-powered facility.

OUR PHILOSOPHY

OUR SOURCING

Annamarie Skin Care sources only organic, natural, and wildcrafted ingredients. We never use synthetic chemicals or GMO plants. At times we do not use certified organic ingredients because the source we use is either wildcrafted or grown organically without certification. Quality and integrity guide all our sourcing choices.

OUR METHOD

We produce handmade micro-batches in the Colorado Mountains. Our herbs are infused into aloe vera, and into cold-pressed carrier oils for several weeks, never heated above 95°F/35°C degrees, and carefully attended to. This temperature is high enough to extract the active and beneficial plant properties, but low enough to not compromise the nutrient value. Each batch and bottle is handled with love and attention, creating beautiful, effective and truly natural skin care.

OUR FORMULAS

Years of study allow us to produce the freshest, most active skin nourishing natural formulas possible. Living, plant-based skin healthy nutrients deliver vitamins, minerals, antioxidants and enzymes to help bring balance, and beauty. We meticulously research every ingredient, ensuring the strongest and most effective skin care possible.

OUR PACKAGING

To preserve the integrity of our handmade skin care, all products are packaged in recyclable miron glass. This dark violet glass blocks the complete spectrum of visible light—with the exception of violet, ultraviolet and infrared light—to prevent the contents inside from degrading—offering protection for longer periods of time. The result: Longer lasting natural freshness that doesn't require synthetic preservatives. Additionally, our product boxes are made at a 100% wind powered facility using 80% post consumer waste and 20% recycled materials. Our box inserts are made with 30% post-consumer waste and marketing materials are made with 100% post-consumer waste. Lastly, our labels are made with 100% sugarcane plant fiber waste with chemical-free adhesive.

OUR LABELING

We pledge 100% honesty and transparency. What's in our product is on the label—and we take this very seriously. We feel that everyone has the right to know exactly what they are putting on their skin, a choice that affects their health and the health of the planet.

OUR BUSINESS PHILOSOPHY

Our customers, our suppliers, and our employees are part of our family. We are committed to creating genuine and sustainable relationships with everyone we work with and serve. Conscious business practices are all around us and we actively support other companies that share our ideals. We happily list and highlight them in our monthly “We Heart” column.

We at Annmarie Skin Care are mothers, fathers, sons and daughters, just like you—so in addition to creating the best natural skin care possible, we are committed to creating a better, more sustainable—and in turn, more beautiful world.

SIGNATURE LINE

CLEANSERS

Aloe Herb Cleanser

Herb-Infused Facial Cream Cleanser

Cleanse and lift excess oil with this pH-balanced, aloe vera-based cream cleanser. Infused with healing herbs and a light blend of natural oils containing essential fatty acids, to keep your skin naturally hydrated. Gently removes makeup and impurities without drying or leaving any residue. Leaves your skin feeling nourished, soft and beautiful.

Available in both **50 ML** and **100 ML** sizes.

50 ML Lasts approximately 2 months, with daily use.

100 ML Lasts approximately 4 months, with daily use.

EXPIRES 2 YEARS AFTER FORMULATION

CITRUS MINT CLEANSER

Overview of Cleansers

Cleansing is the first and most important step in a facial regimen. This process lifts away impurities and environmental pollutants, creating a clean canvas and prepping skin for all of the steps to follow. Without proper cleansing of the skin, the active ingredients in toners, serums, and moisturizers cannot be absorbed effectively by the skin and perform optimally.

Healthy skin begins with a skin-balancing cleanser, ideally one with low foaming or no foaming properties. All Annmarie cleansers have an average pH of 5.5-5.6, fairly close to the natural pH of the skin. The importance of pH balanced cleansers is to ensure that the skin does not dry out and is protected from loss of hydration.

Not all cleansers are created equally. A common characteristic of a cleanser that is more alkaline, like bar soaps or cleansers with sulfates and other harsh surfactants, is HIGH foam. High alkalinity

compromises the skin's natural acid mantle (its protective barrier), which can leave the skin feeling dry, tight and more prone to skin sensitivities and even premature aging.

What is Sodium Lauryl Glucose Carboxylate?

We use Sodium Lauryl Glucose Carboxylate (Plantapon® LGC Sorb), a completely natural sugar-based surfactant, in our cleansers. SLGC is the INCI name for saponified oils (coconut oil and plant starches/sugars). This surfactant is ideal for use in facial cleansers and hair care products, due to its gentle cleansing, low-foaming properties. There have been no studies found that report any negative side effects regarding the use of Sodium Lauryl Glucose Carboxylate and it has been approved for use in certified organic cosmetics by both Organic Food Federation and Ecocert.

What is a surfactant?

A surfactant is an emulsifier, the ingredient that makes a cleanser “foam.”

TONING MISTS

Neroli Toning Mist

Uplifting Face & Body Mist

This delicate aloe vera infusion hydrates, softens and balances your look, and enhances absorption of all serums and oils. The sweet, orange-blossom aroma of neroli oil calms and soothes the mind. Use throughout the day to instantly feel hydrated and refreshed.

50 ML Lasts approximately 3 months, with daily use.

EXPIRES 1.5 YEARS AFTER FORMULATION

Product Details

SUITABLE FOR

All Skin Types

FOR BEST RESULTS

Use AM/PM. After cleansing, lightly mist over face and neck. Let dry. Follow with the serum and/or moisturizer best suited to your skin type. Spritz throughout the day for a refreshing pick-me-up.

KEY INGREDIENTS

ROSEMARY TONING MIST

Overview of Toning Mists

Tip:

Our toners can be used as a base for the Radiant-C Mask & Polish to enhance the formula. We also recommend to spritz our toning mists after applying facial oil to help drive the oils deeper into the skin, increasing absorption.

Traditionally, toners were created to help restore the skin's pH after cleansing.

Some toners are designed to be spritzed on the face (like Annmarie toning mists), while others are meant to be poured onto a cotton ball or pad and gently swiped across the face to remove excess oil, dirt and grime.

To help maintain a healthy and radiant complexion, toners should have a gentle effect on the skin and contain soothing botanicals that nourish and hydrate. Toners formulated with high concentrations of alcohol targeted to control oil or blemish-prone skin should be avoided, as these can lead to dryness, discomfort and premature signs of aging.

Annmarie toning mists are formulated to:

- Enhance the absorption of other ingredients they're combined with

- Minimize the appearance of large pores
- Effectively hydrate the skin
- Set the stage for optimal moisturization
- Tone and tighten the skin
- Provide the skin with proper nutrition

Our toning mists are in a base of certified organic aloe vera which is derived from the aloe vera leaf, including the inner leaf processes of the plant.

The aloe is then freeze dried to retain all of the essential vitamins, minerals, phytonutrients and enzymes.

SERUMS

Anti-Aging Serum

Hydrating Facial Serum

This versatile, aloe vera-based serum provides active nutrients for all skin types, firming and tightening the appearance of aging skin. Hyaluronic acid hydrates, while the herbal extracts buddleja davidii and edelweiss protect skin from environmental stressors. Life everlasting flowers soothe and refresh.

15 ML Lasts approximately 30-45 days, with daily use.

EXPIRES 1.5 YEARS AFTER FORMULATION

PROBIOTIC SERUM WITH TREMELLA

Overview of Serums

The purpose of using a serum is to infuse the skin with a potent dose of nutrients. Most serums have a dense infusion of synergistic ingredients that target specific skin concerns like fine lines, wrinkles, dark spots, dehydration and sensitivities. Serums are concentrated products!

A serum is always to be applied after cleansing the skin and before moisturizing. Serums are generally water-based and their main function is to help hydrate and bind moisture to the skin. Think of this step as putting on a layer of hydration. To create a healthy moisture balance in the skin, using a serum in conjunction with the proper moisturizer or facial oil is essential and will enhance your glow with time and consistency.

Serums contain highly effective ingredients like hyaluronic acid, vitamins, peptides, stem cells, plant cells, CO₂

extracts and antioxidants that work together to provide powerful age-defying benefits, giving skin beautiful, long-lasting results.

What is a Serum Blend?

Our serum blend is comprised of aloe vera juice, squalane, carrageenan, saccharide isomerate and non-GMO xanthan gum. Together, these ingredients create the perfect hydrating base and consistency for our serums. Aloe is hydrating and nutrient-rich, squalane is skin-smoothing and moisture-binding, carrageenan is water-binding, saccharide isomerate is emollient and xanthan gum is used to thicken the blend and prevent separation. Our non-GMO xanthan gum is sourced from fermented wood pulp!

What is the Difference Between All Three Signature Serums?

Our Anti-Aging Serum, Citrus Stem Cell Serum and Probiotic Serum with Tremella are all formulated to hydrate the skin

deeply and each have their own unique functions to serve specific skin types.

Anti-Aging Serum

A lightweight, nutritive serum ideal for sensitive, aging skin. This infusion is comprised of soothing, hydrating and antioxidant-rich botanicals formulated to offset early signs of aging and provide topical nutrition to support healthy skin daily. This everyday serum will help to plump up the look of fine lines and wrinkles, while also alleviating temporary redness common in sensitive skin.

Citrus Stem Cell Serum

A targeted serum formulated to increase the look of firmness and tightness in aging skin, enhancing the skin's quality and resilience. This serum is ideal for thicker and more textured skin that has had a lot of exposure to the elements, which is often accompanied by dark spots and an uneven skin tone. The unique brightening complex in this

serum works to effectively reduce the appearance of dark spots, while also addressing the concerns of fine lines, wrinkles and dull, lackluster skin.

Probiotic Serum With Tremella

This serum is formulated for all skin types and is ideal for those with compromised skin. This serum is a great choice for those transitioning from a chemical line to a natural line, helping to restore the skin with healthy flora. Overall, this serum helps to balance the skin's pH, improve skin hydration, enhance skin suppleness and reduce the appearance of temporary redness and other skin burdens.

A still life composition featuring a glass bottle of oil, several olives, and vanilla beans. The bottle is on the right, filled with a golden liquid. In the foreground, there are several olives, some dark and some light green. In the background, there are several vanilla beans. The text "FACIAL OILS" is overlaid in the center.

FACIAL OILS

Anti-Aging Facial Oil

Restorative Facial Moisturizer

This luxurious, herb-infused formula delivers intense moisture to keep dry and mature skin supple and dewy.

Antioxidant-rich seed oils—chia, goji berry, and broccoli—firm and tighten, while reducing the appearance of fine lines and wrinkles. Jojoba oil resembles your skin's natural oil, softening and conditioning mature skin. Your skin vibrates in perfect harmony.

Available in both **15 ML** and **30 ML** sizes.

15 ML Lasts approximately 1-2 months, with daily use.

30 ML Lasts approximately 2-4 months, with daily use.

EXPIRES 2.5 YEARS AFTER FORMULATION

HERBAL FACIAL OIL
FOR SENSITIVE SKIN

Overview of Facial Oils

Our facial oils (like our serums) are formulated using our unique, 3-step *Wild. Beautiful.* process that involves infusing herbs into large vats of carrier oils for up to 4 weeks, never heated above 95 degrees. This infusion method extracts all of the essential plant properties without compromising any nutrient value, resulting in very active facial oils yielding high levels of antioxidants, phytonutrients, vitamins, minerals and essential fatty acids.

The high antioxidant content of our facial oils can potentially cause the skin to become reactive, due to skin detoxification. This can also happen when transitioning from a more conventional line containing synthetic chemicals, to a natural line. The reaction can subside within a few weeks, but if it lasts longer, we recommend switching to our Herbal Facial Oil For Sensitive Skin as an alternative, because the herb infusion is less concentrated and there are no

added essential oils, making it ideal for skin prone to sensitivities.

Oils are the primary base ingredient for all of the Annmarie facial moisturizers because oils are truly superior in delivering proper moisture to the skin. In addition, they are nutrient dense and contain no fillers or waxes. Due to their liquid nature, oils are welcomed by the skin much more easily than creams.

Creams contain emulsifying wax that can create a build up on the surface of the skin leading to clogged pores, while also preventing the beneficial oils within the formula from actually penetrating into the skin. This is why oils on their own absorb with ease and are our preferred method for moisturizing the skin effectively!

EYE CREAM

Anti-Aging Eye Cream

Plant Cell Eye Complex

Eyes look rested and more beautiful with this luxurious eye cream containing soothing herbs and active plant cells. Antioxidant-rich green tea and goji berries reduce the appearance of fine lines and wrinkles, while cucumber extract and the herb eyebright temporarily ease puffiness.

15 ML Lasts approximately 2-3 months, with daily use.

EXPIRES 2 YEARS AFTER FORMULATION

ANTI-AGING EYE CREAM

Overview of Eye Cream

The skin around the eyes is much thinner than anywhere else on the face. There are minimal oil glands, which makes the eye area more prone to dryness, causing pronounced fine lines over time. The eyes can easily be stressed or strained due to certain facial expressions made or by squinting, which can accelerate signs of aging around the eyes.

Using active plant cells allows us to increase the potency of our skin care. We use a total of 150 million active plant cells per small batch of our Anti-Aging Eye Cream. These plant cells are comprised of phytoalexins (active molecules), polypeptides, proteins, lipids, fatty acids, sterols, sugars, vitamins, enzymes and amino acids. All of these elements supply essential nutrients to strengthen the skin's integrity. Because eye creams are concentrated products, other areas of the face (around the lips, neck or décolleté) can also benefit from eye cream application.

The benefits of using Anti-Aging Eye Cream include:

- Eases temporary puffiness
- Enhances the look of the skin's texture and quality
- Protects the skin from environmental stressors
- Soothes and calms

EXFOLIANTS & MASKS

Ayurvedic Facial Scrub

Dry Herb Exfoliant

This fragrant Indian herbal treatment with horsetail and fenugreek seeds exfoliates and softens. Mineral-rich Rhassoul clay from the Atlas Mountains of Morocco absorbs excess oil. This gentle but powerful treatment leaves skin revitalized, fresh and alive.

30 ML Approximately 20 applications per jar.

EXPIRES 3 YEARS AFTER FORMULATION

ILLUMINATING PEARL MASK

Overview of Exfoliants & Masks

Exfoliants

Exfoliating is an essential step in any facial routine because it is the process of removing buildup, impurities and excess oils from the surface of the skin, while also refining the skin's texture and minimizing the appearance of enlarged pores. Exfoliation also allows for toners, serums and moisturizers to absorb more effectively into the skin.

Depending on your skin type, exfoliation should be performed 1-3x per week. If you have sensitive skin, less exfoliation is needed and if you have oily, combination or dull skin, more exfoliation is ideal.

Tip:

We recommend masking 1-3 times per week, depending on your skin type and the season.

The benefits of exfoliating include:

- Increases absorption of other skin care products
- Creates a brighter look by evening out the skin tone and texture
- Enhances skin smoothness and softness

- Decreases the appearance of fine lines and deep wrinkles

Masks

Face masks are packed with skin-loving ingredients. They are formulated with a range of benefits that hydrate, moisturize, purify, balance, tone, replenish nutrients, exfoliate, stimulate, rejuvenate and calm the skin. They truly are a pampering step to any facial routine, while supporting the skin on a deeper level.

A sunset scene with a bright sun low on the horizon, casting a warm orange glow. Silhouettes of trees and mountains are visible against the sky. The text "SUN PROTECTION" is centered in white, serif font.

SUN PROTECTION

Sun Love

Everyday Sheer Sunscreen

BROAD SPECTRUM SPF 20

Formulated with non-nano zinc oxide, this lightweight daily sunscreen protects the skin from UV rays, while adding deep moisturization. Infuse your skin with antioxidant-rich buriti fruit, pumpkin seed and hemp seed oil to nourish and visibly enhance your glow.

50 ML Lasts approximately 2 months, with daily use.

EXPIRES 2.5 YEARS AFTER FORMULATION

Pumpkin Seed Oil

Non-Nano Zinc

FULL INGREDIENT LIST

Zinc oxide (non-nano), *Helianthus annuus (sunflower) seed oil, Sorbitan olivate (olive derived emulsifier), *Cannabis sativa (hemp) seed oil, *Olea europaea (olive) oil, *Cucurbita pepo (pumpkin) seed oil, *Cera alba (beeswax), Lavandula angustifolia (lavender) oil, *Persea gratissima (avocado) oil, Mauritia flexuosa (buriti) fruit oil, Tocopherol (non-GMO vitamin E). **Organically grown or wildcrafted*

SUN LOVE

Overview of Sun Protection

Most sun protection formulas list an SPF number on the label. SPF stands for “sun protection factor,” and is a measurement of protection from only UVB rays, which are the ones that cause redness and sunburn.

UVA rays are considered even more dangerous, as they penetrate skin more deeply and are linked to skin cancer. But SPF does not measure a sun protection formula against UVA rays—only UVB rays. To further explain—the SPF is the approximate measure of time a person who has applied sun protection to their skin can stay out in the sun without getting burned.

Our Sun Love has an SPF of 20. This formula is a safe and effective physical block from both UVA and UVB rays for everyday use, though it needs to be applied every hour if sitting in the sun for a prolonged period of time.

Zinc oxide, which offers superior broad spectrum protection, is not waterproof and it does wear off after a time. We also recommend additional protection like a hat, scarf or shade, if exposed to direct sun for long hours.

Overall, our Sun Love Sun Protection formula is an oil-based product that deeply moisturizes and protects the skin from premature aging, while offering antioxidant-rich oils that help shield skin from harsh elements.

BODY CARE

Rosemary Peppermint Hand & Body Wash

Invigorating Gel Cleanser

Cleanse and energize your skin with this aloe vera-based, herb-infused body wash. A pH-balanced cleanser, it contains rosemary and essential oil of peppermint combined to leave your skin feeling cool, refreshed and uplifted.

240 ML Lasts approximately 30-45 days, with daily use.

EXPIRES 2 YEARS AFTER FORMULATION

RADIANT SKIN SILK

Overview of Body Care

The skin is the body's largest organ, and just like skin on our faces, the skin on our body can experience sensitivity, dryness and roughness. Because our skin is the last to receive nutrients from our diet, it's important that we provide topical support with nutrient-dense body care products! Consistent body care will slow signs of aging on areas that tend to get more elemental exposure: hands, neck, chest and shoulders.

Rosemary Peppermint Hand & Body Wash

This body wash closely resembles the Citrus Mint Cleanser formula (with the exception of the Witch Hazel Distillate and a different blend of essential oils). For those with oily and blemish-prone skin, this wash can be used on the face in addition to the body.

To help increase the lathering effect, use with a body exfoliation towel or loofah.

Coconut Body Oil

This is made using Extra Virgin Coconut Oil which is ideal for dry skin types.

Coconut oil may solidify at temperatures below 76°, which can impact the performance of the body oil pump. To avoid this, run bottle under hot water to liquify, then shake well. Our body oil may also be kept stored in the shower to help its consistency remain liquified.

Radiant Skin Silk

This is an effective body moisturizer for dehydrated skin types because it is formulated with our hydrating serum blend. Squalane, an effective emollient in our serum blend, provides optimal spreadability and aids in the absorption of other ingredients. It instantly hydrates the skin by locking in essential moisture.

If layering both body products, use Radiant Skin Silk first, which has a low molecular weight, then follow with Coconut Body Oil, which has a high molecular weight.

HAIR CARE

Sweet Sunrise Shampoo

Herb-Infused Hair Wash

Hydrate and purify hair with this gentle, herb-infused shampoo. Organic aloe vera hydrates and nourishes dry, damaged hair. Nettles restore the integrity of roots, while horsetail—rich in strengthening minerals—shields against free radicals. Essential oils of lemon fruit and orange peel pair beautifully with parsley and basil oil for a bright, luxurious experience. Leaves hair supple, fortified, and alive.

240 ML Lasts approximately 60 applications.

EXPIRES 2 YEARS AFTER FORMULATION

REJUVENATING FACIAL OIL

EXFOLIANT & MASK

Resurfacing Facial Exfoliant

Honey-Derived Evening Treatment

Renew the look of dull skin and elevate your ritual with this at-home resurfacing treatment. Honey-derived lactic acid targets the look of dark spots and wrinkles, while cooling notes of cucumber and blue tansy promote a soothing, herbaceous scent. Leaves your skin smooth, luminous, and clear, without dryness or irritation.

30 ML Lasts approximately 2-3 months, depending how often exfoliation is performed.

EXPIRES 2 YEARS AFTER FORMULATION

Product Details

SUITABLE FOR

All Skin Types, Excluding Sensitive Skin

FOR BEST RESULTS

Apply a generous amount to clean skin* at night, avoiding the eye area. Leave on for 3-5 minutes. For future uses, if additional time is preferred and patch testing is done, leave on for up to 10 minutes. Rinse with water or your daily cleanser, then follow up with your preferred serum and moisturizer. Avoid sun exposure for 1-2 days after usage.

**For sensitive skin, we highly recommend patch testing. Let it sit for 1 to 2 minutes and remove immediately if you have a reaction such as bumps or redness.*

*Aloe barbadensis (aloe vera) leaf juice, Charcoal powder (coconut derived), *Glycerin (vegetable derived), *Rosmarinus officinalis (rosemary) flower/leaf/stem water, Kaolin (white clay), Bentonite (bentonite clay), *Theobroma cacao (cacao) fruit powder, Populus tremuloides (aspen) bark extract, Aqua (water), *Glycerin (vegetable derived) extract [*Salix alba (white willow) bark], Curcuma longa (turmeric) root oil, non-GMO Xanthan gum (plant derived), Lavandula angustifolia (lavender) oil, Leptospermum petersonii (lemon tea tree) oil. **Organically grown or wildcrafted*

CHARCOAL CACAO MASK

Radiant-C Mask & Polish

Anti-Aging Beauty Treatment

Experience the ultimate anti-aging beauty treatment with the Radiant-C Mask & Polish. This luxurious blend combines potent antioxidant and vitamin C-rich herb and fruit extracts, including acerola cherry, kakadu plum, camu camu, goji berry, amla berry, strawberry, seabuckthorn fruit, and lemon peel powders, delivering unparalleled brightness and rejuvenation to your skin. Harnessing the power of hibiscus, this formula firms, lifts, and evens the look of skin tone while protecting against environmental stressors, purifying the complexion, and providing intense moisture for a naturally glowing and supple complexion. Finished with wildcrafted red sandalwood and bamboo stem powder, it lightly polishes to bring harmony and a renewed look to aged skin.

100 ML Approximately 30 applications per jar.

EXPIRES 2 YEARS AFTER FORMULATION

Product Details

SUITABLE FOR

All Skin Types, Excluding Sensitive Skin

FOR BEST RESULTS

Combine 1 teaspoon of the Radiant-C Mask & Polish with a few drops of water or cleanser in a small dish, then mix to form a paste. As an exfoliant, massage gently into skin and then rinse. As a mask, leave on for 10-15 minutes before gently exfoliating as you rinse with warm water. Customize your mask with mix-ins like honey or our Illuminating Pearl Mask. For best results, use 3-4 times a week.

KEY INGREDIENTS

Hibiscus Powder
Acerola Cherry Powder
Red Sandalwood Powder
Bamboo Stem Powder

RADIANT-C MASK & POLISH

FULL INGREDIENT LIST

*Hibiscus sabdariffa (hibiscus) flower powder, Illite (red clay), *Malpighia emarginata (acerola cherry) fruit powder, Kaolin (white clay), Bambusa arundinacea (bamboo) stem powder, *Lycium barbarum (goji berry) fruit powder, *Terminalia ferdinandiana (kakadu plum) fruit powder, *Pterocarpus soyauxii (red sandalwood) powder, *Rosa canina (rosehip) fruit powder, Myrciaria dubia (camu camu) fruit powder, *Phyllanthus emblica (amla berry) fruit powder, *Fragaria ananassa (strawberry) fruit powder, *Hippophae rhamnoides (seabuckthorn) fruit powder, *Citrus limon (lemon) peel powder. **Organically grown or wildcrafted*

RADIANT-C MASK & POLISH

BODY & HAIR CARE

Palo Santo Body Butter

Rich & Decadent Body Treatment

Indulge in a luxurious body treatment created to enhance your senses and enrich your skin. This exquisitely nourishing formula combines shea butter and cocoa butter to naturally soften skin, and oils like jojoba, kukui nut and macadamia for optimal, concentrated moisture. Finished with hand selected essential oils—palo santo, cardamom, vetiver and nutmeg—to warm your soul. This thick, luscious creation melts into skin and absorbs easily without feeling oily or greasy.

Available in both **100 ML** and **200 ML** sizes.

100 ML Lasts approximately 2 months, depending on the amount and frequency of usage.

200 ML Lasts approximately 3 months, depending on the amount and frequency of usage.

EXPIRES 1.5 YEARS AFTER FORMULATION

PALO SANTO HAIR & BODY MIST

Smoothing Hair Serum

Lightweight Finishing Treatment
(Solid Form)

Restore, protect and revitalize hair with this solid-form smoothing and lightweight hair serum. Murumuru butter is a natural emollient, known as “nature’s silicone,” rich in vitamins and minerals to strengthen damaged hair while jojoba and argan moisturize and nourish for a silky smooth finish. Bright and soft notes of petitgrain, clary sage and lavender create the perfect aromatherapy for an uplifting experience.

30 ML Lasts approximately 60 days, with daily use.

Product Details

SUITABLE FOR

All Hair Types

FOR BEST RESULTS

This is a solid-form hair serum. Scoop the serum into the palms of your hands. Rub hands together to warm the serum until melted. Smooth serum into mid-lengths and ends of hair. Can be used on clean, damp hair or on dry hair as a finishing serum.

Apply as little or as much as your hair desires based on dryness, weight, texture, and curls.

KEY INGREDIENTS

Murumuru Butter

Argan

Clary Sage

Petitgrain

SMOOTHING HAIR SERUM

Overview of Wild Alchemy Collection

The intention behind the Wild Alchemy Collection is to add a touch of luxury to our existing signature line, using exotic ingredients sourced from around the globe. The result: synergistic, supercharged products with focused refinement that transforms your skin.

What Makes It Luxury?

This specialty collection is a culmination of our experiments and our experience—not only with organic, biocompatible formulas designed in-house, but also with the worldwide growers who harvest the nutrient-dense ingredients we enhance. Each ingredient is chosen not only for its individual high-performance properties and kinship to environment and community, but also for its synergy with other plants.

What Makes It Wild?

Because of their unique qualities, the individual ingredients used throughout

this collection—like kakadu plum, apple, acai and copper-infused mountain spring water—each require their own precise method of extraction and enhancement to increase their bioactivity, which allows the skin to absorb all of the nutrients to their fullest potential!

How Does Wild Fruit Serum Differ from the Signature Serums?

Overall, the unique extracts and plant cells in this serum help to enhance your natural beauty: texture, tone, firmness and radiance. Wild Fruit Serum harnesses the same qualities as both Anti-Aging Serum and Citrus Stem Cell Serum combined, delivering potent anti-aging and brightening properties to the skin, while providing deep level hydration. We refer to this serum as the “crème de la crème” of our entire serum collection.

A close-up photograph of a person's mouth. The lips are coated in a vibrant, glossy red lipstick. The upper lip is slightly curved, and the lower lip is more prominent. The teeth are visible, appearing clean and white. The skin around the mouth is a warm, light brown tone. The background is a soft, out-of-focus brown color.

LIP CARE

Antioxidant Lip Balm

This creamy, all-natural balm moisturizes and fortifies both pucker and pout. Organic cocoa butter softens lips while antioxidant-rich, omega-heavy fruit oils of buriti and sea buckthorn fight free radicals. Rich cacao extract leaves kisses luminous and luscious—with a hint of chocolate.

Product Details

Cocoa Butter

Buriti Fruit Oil

Sea Buckthorn Fruit Oil

LIP & CHEEK TINT

FULL INGREDIENT LIST

*Olea europaea (olive) oil, *Theobroma cacao (cocoa) seed butter, *Cera alba (beeswax), *Alkanna tinctoria (alkanet) root, Mineral oxide blend [Iron oxide, Mica, Titanium Dioxide], *Hippophae rhamnoides (sea buckthorn berry CO2) fruit extract, *Mauritia flexuosa (buriti) fruit oil, *Rosmarinus officinalis (rosemary) leaf extract, *Rosa rubiginosa (rosehip) seed oil, *Theobroma cacao (cocoa) absolute extract, Pelargonium roseum (rose geranium) leaf oil, Mentha piperita (peppermint) leaf oil, *Citrus sinensis (sweet orange) peel oil. **Organically grown or wildcrafted*

LIP & CHEEK TINT

Overview of Lip Care

Similar to the skin around the eyes, the lips have much thinner and more sensitive skin than anywhere else on the face. Lips have no oil glands, so they need extra moisture and protection throughout the day. If not properly moisturized, lips can get dry, chapped and even experience occasional peeling.

A person wearing a white short-sleeved shirt and blue jeans is standing in a field of green grass and small white daisies. They are holding a round, woven wicker basket filled with daisies. Their left hand is holding a single daisy stem. The text "ESTATE BLEND COLLECTION" is overlaid in white serif font across the center of the image.

FACIAL OIL

Divine Woman Elixir

Uplifting & Moisturizing Facial Oil

This protecting, nutrient-dense facial oil harnesses the power of the herbal infusion of—comfrey, St. John's wort, echinacea, chamomile, lavender, wild rose, plantain, feverfew, and calendula. These tried and true herbs grown on our founder's farm are paired with antioxidant-rich seed oils help to nourish and deeply moisturize our aging skin. Aromatherapy notes are uplifting and awakening, while tulsi brings in heart-opening energy.

Because we rely on the bounty of each year's harvest from Moss Creek Farm, this exquisite elixir is made in limited quantities, meaning each batch is as unique as the season in which it was created, capturing the essence of that particular moment in time.

30 ML Lasts approximately 60 applications.

EXPIRES 3 YEARS AFTER FORMULATION

LOUD RÉVÉLÉ

ACCESSORIES

A collection of facial tools and botanical elements. In the foreground, there are two large, textured facial brushes: one is dark green and the other is a lighter, sage green. In the background, there are several dried botanical specimens, including a branch with small, light-colored flowers and several dark green, serrated leaves. The entire scene is set against a light, neutral background.

FACIAL TOOLS

Black Nephrite Gua Sha Lifting Tool

Gua Sha is an ancient Chinese technique known to promote radiance and ease facial tension. Handcrafted with true black nephrite jade, our advanced Gua Sha Lifting Tool is designed to beautify the look of skin, contour your features, and relieve negative energy. Each natural stone is unique and varies in pattern and color. Your gua sha purchase also comes with a 100% organic cotton bag, so you can safely store your tool after each use.

Product Details

SUITABLE FOR

All Skin Types

FOR BEST RESULTS

After cleansing, mist your face with your preferred toner and then apply a generous amount of your preferred facial oil. Take the tool and start along your neckline, gliding up to your jaw. Next, moving along your jawline, sweep your tool gently upwards until it reaches your earlobes. Then sweep the tool from the sides of your lip towards your cheekbone. Use the curved end of the tool for delicate areas near your eyes and brow starting at the inner part of your face moving the tool outwards. Finish by focusing on your third eye and sweep the tool upwards to your hairline. Repeat each step 3-5 times, and remember to perform the same steps for both sides of your face and neck.

BLACK NEPHRITE GUA SHA LIFTING TOOL

Lotus Wood Exfoliating Brush

Face brushes have soft bristles that are perfect for cleaning the delicate skin on your cheeks, chin, and forehead. You can use them to massage in your cleansers and slough off your face masks.

Face brushing helps you really massage your cleanser in, giving your pores a thorough clean and a bit of exfoliation. They're also helpful for rinsing off facial masks, like our Coconut Honey Mask and Radiant-C Mask & Polish, all while helping to work these products into your skin so you can experience their full benefits.

If using regularly, we recommend replacing every 3 months.

Product Details

SUITABLE FOR

All Skin Types

FOR BEST RESULTS

You can pump your cleanser directly onto your face brush, add a little bit of water, then use it to massage the product into your cheeks, chin, forehead, and nose. Alternatively, you can put the product onto your skin instead of directly onto the brush.

After you've worked the product into your skin, rinse it off with water as you normally would. With some face masks, like our Coconut Honey Mask and Radiant-C Mask & Polish, a face brush can be helpful for removing it. When you're ready to remove the mask, use the face brush to gently slough it off.

LOTUS WOOD EXFOLIATING BRUSH

Mask Applicator Brush

Our signature Mask Applicator Brush is made from vegan materials, and has a fan shape to allow for smooth and easy application of your treatment masks.

This is the perfect addition to any of our powdered treatments, especially our Radiant-C Mask & Polish.

A stack of three smooth, light-colored stones is positioned in the upper right quadrant of the image. In the foreground, a natural fiber brush with a thick, rounded head and a handle made of twisted twine lies horizontally. The background is a soft-focus, light-colored sandy surface. The overall lighting is soft and natural, creating a serene and minimalist aesthetic.

BODY CARE TOOLS

Exfoliating Body Brush

This gentle yet firm, dry body brush works in tandem with the body's natural systems to stimulate lymphatic flow, increase circulation, and detoxify the skin. Use on dry skin to exfoliate and prime the body for products to follow. The Exfoliating Body Brush can be used daily.

Due to the nature of our body brush being made of natural fiber, bristles may tend to shed easier than with synthetic fibers. Please handle with care and clean gently.

Product Details

SUITABLE FOR

All Skin Types

FOR BEST RESULTS

Use daily as dry brush. Hold in hand and gently buff in circular motions towards the heart, starting with the legs. Move the brush in a clockwise motion on the stomach and midsection. Use gentle pressure, making sure to buff all parts of the body.
